Lori – Do you have a copy of the letter Walt Ivey is looking for? It must be in the administrative record for the Order.

Thanks Roger. Do you happen to have the letter where WV asked EPA to act on their behalf? Karen mentioned that letter on the phone call.

Walter,

Attached is the 2009 emergency Order issued by EPA Regions 3 & 5 which addresses the PFOA issue at the DuPont Washington Works facility and surrounding areas. We propose to modify the Order to reflect the new health advisory level if it is lower than 0.4 ppb. Please let me know if you need any additional information.
